In compliance with the trade regulations of the Federal Trade Commission (16 CFR Part 453), we are required to provide you this General Price List. The goods and services shown below are those we can provide to our customers. You may choose only those items you desire. However, any funeral arrangements you select will include a charge for our services. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected. This list does not include prices for certain items that you may ask us to buy for you, such as cemetery or crematory services, flowers, and newspaper notices. The prices for those items will be shown on your bill or the statement describing the funeral goods and services selected.

• BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF \$1550.00

Our professional service charge includes, but not limited to, the following: Consulting with the family and clergy, planning the funeral, obtaining necessary permits, preparation and placement of death notice, and coordination with those providing other portions of the funeral (cemetery or crematory). This fee for our basic service will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains.

• EMBALMING \$550.00

Except in certain special cases (see below), embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Most common carriers require embalming and it is legally necessary for all foreign transfers. Michigan law requires embalming when death was caused by certain infectious diseases or with very limited exceptions, when the body is not taken to its final destination (such as cemetery or crematory) within 48 hours.
